Education

Sir M. Visvesvaraya Institute of Technology, B.E. in Computer Science and Engineering Sept 2023 - Sept 2027

- Percentage: CGPA: 8.6
- **Coursework:** Data Structures and Algorithms, DBMS, OS, Object Oriented Programming Language, Basics of Languages like C, C++, Java, Python.

Boscoss Pre-University College, PCMC Aug 2023-July 2023

- Percentage: 91.6
- **Coursework:** Physics, Chemistry, Maths, Computer Science

Experience

Web Development Intern, Zephyr Technologies Pvt. Ltd. Aug 2025 - Sept 2025

- I have gained hands-on experience in using MongoDB, React, Node.js, and Express to develop dynamic and scalable full-stack applications.

Design Intern, Clance Nov 2025 - Jan 2026

- Design Intern responsible for working on real-time client projects, creating user-centered designs and ensuring timely project delivery.

Projects

DecentraEstate – Decentralized Real Estate Management System DecentraEstate

- Built a decentralized real estate management system using Solidity, Hardhat, JavaScript, and Web3.js for secure property registration, ownership transfer, and fraud detection with MetaMask integration.

AI Malicious Website detector extension Fraud detector Extension

- Developed an AI-powered Chrome extension using JavaScript and Flask to detect phishing and malicious websites through real-time URL analysis and security alerts.

ClinIQ – Smart Healthcare Management System ClinIQ

- Designed a responsive healthcare management platform for appointment scheduling, patient record management, and streamlined healthcare workflows with an intuitive user interface.

Technologies

Languages: C++, C, Java, SQL, HTML, CSS, JavaScript, Python, Solidity

Tools: Figma, Canva for UI/UX

Achievements

- Core Member of GLUG MVIT and TechHub Community technical clubs at Sir MVIT; organized and led a national-level hackathon with 300+ participants, coordinating event management, branding, and technical operations.
- Solved 90+ coding problems on LeetCode, strengthening problem-solving skills in Data Structures and Algorithms.
- Participated in multiple national-level hackathons collaborating in team-based development environments.
